1. I have given you the land.
2. I have given you the land that you have sought.
3. I have given you the land that you seek.
4. I have given you the land that's My land that I have for My purposes.
5. Yea, a training ground for many that come and seek My face and know Me in the fullness of religion not; of rules not; of constricted convolution not. But yea, freedom; the freedom that I have purposed; the freedom that's in My heart; the freedom that I died for; the freedom that I am.
6. I am freedom and where I am there is freedom and there is not the restriction and restriction and restriction of restriction and rules and mounds of that which must satisfy other men.
7. I am Me and I am holy and I have My land and My land is now yours. My land is yours and the land comes, land is; yea, around the corner, over the bend you see Me and you see it. I love you and I give you Me.
8. I have protected you.
9. I have processed you.
10. I have patented you and scepter-ized with you with My seal of suffering. Yea, and My success; yea, success in My Kingdom, the Kingdom of Me.
11. Yea, I love you and I watch you; I watch you with joy as you walk out your days and your nights seeking to please Me, expressly Me. Purposefully on Me, in Me, seeking Me, questing in Me, after Me, to please Me, to bring Me pleasure and joy ; and yea, even laughter. Thank you.
12. I see you and I success am; and I now success you in succession of Me; yea, secession not. But yea, I love you ceasing not to give thanks for you and what you do now for My body in My training grounds that come forth; yea, My disciples; yea, My mentors; yea, My all together lovely.
13. **The land is yours; it's now, it's now, Ted; it's now.** With depleted funds I give you My hand, I give you My land, for all shall come out of nothing for you know it's all in Me, and it's what I have already done.
14. Yea, you are right, you are absolutely right. Yea, you are not designed to carry this. You are not designed to carry Me. You are not designed to carry other people. Yea, but to intercede and intercession be in your leadership for Me and Me alone.
15. I love you; I give you joy and laughter.
16. And the land is, the land comes; yea, before the crack of dawn the mighty is.

17. I love you; I give you Me, altogether Me; all together lovely. You and Me in dance; trance not but reality of life living the fullness of Me, the abundance of My heart made manifest. Yea, intertwined and loving every minute of it. I love you. Good day.
18. Supply of only Me. Amen.
19. Yea, intertwined and loving every minute of it.
20. I love you.
